

UNIVERSITY OF CALIFORNIA

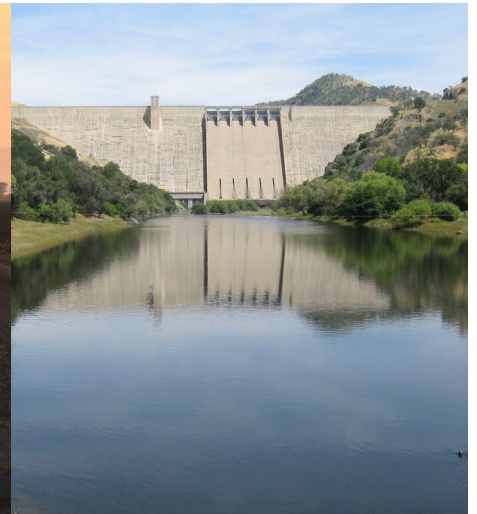

SEE WATER DIFFERENTLY.

Explore California's river deltas, ancient lakes, snowmelt streams, and vast water management system.

With University of California professors as guides for a summertime statewide journey,

you'll start to see water — and everything that depends on it — anew

from the perspectives of scientists, farmers, cities, and salmon.

APPLICATIONS DUE
DEC. 15, 2016
UCWATER.ORG/ACADEMY
